

Poor Man's Floppy

HIGH SPEED CASSETTE SYSTEM

Now the widely acclaimed JPC Cassette System is available for your TRS-80* computer. The price is only \$69.95.

FOR TRS-80*

The TRS-80* is undoubtedly one of the best small computers around. But its cassette recording system can be very frustrating, particularly if you can't read an important cassette. And getting the volume control set just right is really a pain. Taking 45 seconds to load "Blackjack" is no fun either.

JPC Products Company has developed an improved cassette system that uses your present cassette recorder but loads programs 5 TIMES faster, with much better reliability.

The original JPC cassette interface is the TC-3, which was developed 2 years ago for the M6800 computers. It has been very successful, as you can see from the magazine and owner comments below. Now we have a similar unit for the TRS-80*. At \$69.95 plus shipping the TC-8 is a real value.

PRaised IN REvIEWS

"The JPC Products Model TC-3 cassette interface provides a VERY RELIABLE means of saving programs and data to tape . . . both fast and reliable. The TC-3 is very convenient to use. The hardware is excellent . . . The TC-3 is rated AAA because it is an excellent low cost alternative to a floppy disk system for the person on a tight budget."

OWNERS LOVE IT

"I love your interface. I have recommended it to all."

D.O. (Florida)

"Excellent! A poor man's floppy. Thanks."

F.B. (Quebec)

"It is great. I can't believe it's so fast."

E.T. (Arkansas)

"Great! Fast! Reliable! Worked first time!"

C.Z. (New York)

"It is the answer to my prayers!"

S.S. (New York)

"The best through-the-mail device I have ever purchased."

J.P. (Florida)

"I'm glad I bought this kit. Worked first time. Never one bad load." *R.M. (New York)*

"The first kit I have ever built that worked the first time without any adjustment or trouble-shooting."

F.L. (Colorado)

INEXPENSIVE MEDIA

The TC-8 and your present cassette recorder will allow you to store 50,000 Bytes on a standard 10 minute cassette. Or 300,000 Bytes on a standard 60 minute cassette. At a cost of \$1 to \$3. Our C-10 data cassettes sell for \$1.39 with a money-back guarantee.

PLUG IT IN

The TC-8 plugs into the expansion connector on the back of the keyboard and does its thing 5 TIMES FASTER! Less than ONE BAD LOAD in a MILLION BYTES! With the VOLUME CONTROL ANYWHERE BETWEEN 1 AND 8.

If you prefer you can leave the existing recorder connected normally and add a second one for the TC-8.

THERE'S A CATCH

The TC-8 magic is mostly done in software. So you have to load a small program into the upper seven hundred bytes of memory. It is usually out of the way there. We provide the software on a cassette that comes with the TC-8. Just load it in.

**TRADEMARK OF TANDY CORPORATION

YOU CAN BUILD IT

The TC-8 is available as a kit for \$69.95 plus shipping. It is very easy to build. It should only take you an hour or so. Even if you have never built a kit before, you can build the TC-8.

If you can get toothpaste on a toothbrush, you can learn to solder. Our instruction manual will show you how.

"CAN'T FAIL" GUARANTEE

If you build the TC-8 and for any reason it doesn't work, we will make it work at NO COST. All you have to pay is the shipping. We guarantee it.

WE WILL BUILD IT

The TC-8 is available fully assembled for \$99.95 plus shipping. We ship assembled units 3 weeks after we receive your order. But truthfully, with our "CAN'T FAIL" guarantee, we don't understand why you wouldn't rather do it yourself.

ORDER NOW

To order your TC-8 kit, send your check or money order for \$69.95 plus \$3.50 postage and handling to JPC PRODUCTS CO., 12021 Paisano Ct., Albuquerque, NM 87112 (New Mexico residents add 4% sales tax). Credit card orders accepted by phone or mail. Personal checks will delay shipment. We will otherwise immediately ship you the TC-8 kit, the cabinet, the ribbon cable, the power adapter, an instruction manual, and a cassette containing the software.

At the present time, the only version of the TC-8 available is for 16K LEVEL II SYSTEMS.
